PRACTICE  
PROCEDURE  
and SCIENCE

Study at Home in Spare Time  
for Professional Advancement

- ✓ To Increase Your  
TECHNICAL KNOWLEDGE
- ✓ To Improve Your  
PRACTICAL EFFICIENCY
- ✓ To Develop Your  
ADMINISTRATIVE SKILLS

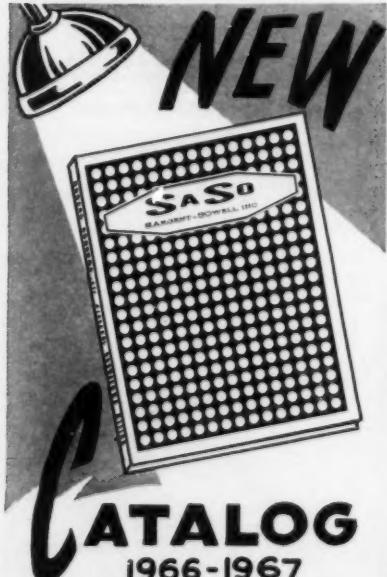

Nationally recognized authorities on Police matters  
as well as thousands of Delehanty graduates  
agree that our course is the only professional  
home study program that covers all law enforcement  
subjects thoroughly and accurately.

**ALL IN 12 INTERESTING LESSONS**  
Test questions with each lesson are rated and  
returned to you with model answers.

**2 WRITTEN TRIAL EXAMS**  
Rated and returned with comments and constructive  
criticism by experienced Police examiners.  
Ask for Booklet L-104, for Full Details.

**DELEHANTY**  
INSTITUTE—FOUNDED 1913  
115 EAST 15 STREET, NEW YORK 3, N.Y.

### INCLUDE THIS IN YOUR BUDGET SEVENTH ANNUAL

## LAW ORDER

Police Combat Pistol Matches  
April 28, 29 and 30, 1967

To be held at the National Target Ranges in  
Lincoln Park, N. J.

## MOULAGE MATERIAL

Perfectly Preserves Evidence.  
Accurately Reproduces Organic or Inorganic Objects.

Photo shows Shoe (l.) and cast made from footprint left in soft dust. The Posmoulage Process of Preserving evidence is the most accurate known, fast and simple. Complete instructions with all materials.

At left is Original tire, at right the Posmoulage cast. Notice that perfect identification can be made by comparing the worn spot and tread marks. This imprint was taken from soft dust.

Order from your Police Material Supplier

## PURSUIT POWER: TURBO-JET V8

Chevrolet's Turbo-Jet V8 means power when you need it. Pursuit power. Long-legged highway power. Easygoing performance around town, too, from an engine that's still loafing when others are breathing hard and wearing themselves out. You can order the Turbo-Jet V8 either with 396 cubic

inches and 325 horsepower or 427 cubic inches and 385 horsepower. Both come with hydraulic lifters and a big four-barrel carburetor. That all adds up to Chevrolet high performance for the man whose job depends on it, plus Chevrolet reliability for the cars on your force. The Turbo-Jet V8s.

**HOLD**

**40 MINUTES  
OF LIFE-SAVING  
OXYGEN in Your Hand!**

**"PORT-O-MATIC"**

**Civilian Adaptation of Unit Used  
by Most Free World Air Forces!**

- When minutes count . . . you can count on "PORT-O-MATIC." Weighs only 7½ lbs. yet affords 40 minutes of emergency oxygen, with important safety and convenience features usually found only on equipment at nearly twice the price.
- Easiest to operate! Just slip mask over face, free your hands for other effort, (it won't dislodge). Turn knob ¼ turn. No further adjustments! Proper flow is automatic with exclusive built-in flow control. Can be self-administered if necessary.
- Reliable even in freezing weather. No danger of explosion even if struck a hard blow or exposed to direct flame.
- Stores in auto, desk, shelf. Carrying unit overall only 16" x 4" x 7".
- Clear reading dial shows oxygen remaining. For economy, easily refillable cylinders.

**RELIABILITY "On The Record"**  
Thousands in use. Used for years and at present by most FREE WORLD AIR FORCES, including our own. Every unit guaranteed by the manufacturer (Erie Mfg. Co., Milw.).

only . . .

Complete unit ready-to-use. Two charged cylinders with mask in sturdy carrying case. **\$ 59.95**

**FREE! Decals for  
Your Vehicles!**

This decal makes emergency oxygen more readily called upon when needed . . . Also helps identify your department as a public benefactor.

# RWS PRIMERS

*make the big difference!*

## NEVER A MALFUNCTION

L. A. Police Academy has relied on RWS Primers for years in their officer training program. In fact, millions of rounds have been reloaded using RWS Primers without ever a malfunction. This remarkable primer dependability gives an officer greater confidence in himself, his weapon and his ammunition's performance. Result, he is a better shooter.

## CONSISTENTLY PERFECT

With RWS Primers there never is a variation in size, contour or shape. Made to old world standards of precision excellence, RWS Primers are checked and double checked throughout manufacture to insure you absolute uniformity. That's why commercial re-loaders and expert shooters insist on RWS Primers.

## A FEW OF OUR CUSTOMERS:

City of Albuquerque, N.M. • City of Austin, Texas • Baton Rouge Dept. of Public Safety • Boston Police Dept. • Buffalo Police Dept. • City of Cincinnati • Dearborn Police Dept. • Detroit Police Dept. • Maui Police Dept. • Everett, Wash. # GUN KOTE

*positive protection for weapons!*

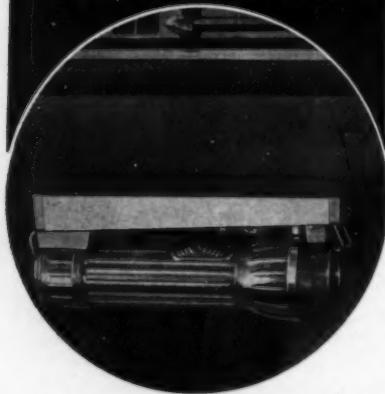

Gun Kote is a space-age discovery that provides all metal . . . including most exotic metals . . . with a protective shield that defies rust and corrosion. It even protects shotguns and riot control equipment from the most corrosive agent of all . . . TEAR GAS! Anyone who follows instructions will get professional results. GUN KOTE KIT contains two 15 oz. aerosol cans . . . enough to provide permanent protection for three weapons. One is the cleaner, the other Gun Kote 13-7. Now being used by some of the nation's leading law enforcement agencies. Write for details.

For further information use the Reader Service Card.

# still depending on ordinary flashlights in emergencies?

Now There's a  
**CONSTANT-CHARGE LITE**  
For Dependable  
Emergency Use!

No longer do police have to depend on ordinary flashlights with their steadily decreasing brightness. The dual automatic recharger always maintains nickel-cadmium batteries at peak charge (when ignition is "on" and "off") for constant bright light. This is the sure way to make effective use of nickel-cadmium batteries for emergency applications. A sound investment in safety, even if it saves a life only once!

Snap-in signal wands instantly convert the Constant-Charge Lite into a highly visible traffic warning light.

Ask your supplier or write for information.
